Playspaces – Have your say

We're developing a strategy to determine the best design, use, location and development of playspaces across our community. The strategy will ensure we provide and manage these important assets for current and future generations. Have your say by 11 October and complete the survey at yoursay.tr.qld.gov.au/playspace-strategy-survey or contact us for more information on **131 872**.

Keep watch

Many of us seek swimming as a way for some fun and to cool off during the warmer weather. Although pools are lots of fun, it's important to keep watch around the water at all times and ensure everyone remains safe. All the regional pools are now open. For information on your local pool visit www.tr.qld.gov.au/pools

Water restrictions

The warmer weather usually increases consumption and demand on our water resources. We can all do our part in keeping consumption down to preserve this precious resource. For information on efficiently using water inside and outside the home along with water restrictions and usage guidelines in your area visit www.tr.qld.gov.au/water

Draft Sport, Active Recreation and Healthy Living Plan

More than 1000 community members helped shape the draft SARHL plan through completing surveys and attending workshops during the past twelve months. We're now inviting community feedback on the draft plan. The community can have their say until Friday 25 October. Visit yoursay.tr.qld.gov.au/sarhl
